

CPR - Resuscitation Skills (BLS/CPR) in General Practice

We are pleased to announce an upcoming CPR (BLS/CPR) training session designed to equip you with the knowledge and skills necessary to respond effectively in emergency situations.

On completion of this activity, participants will be able to

- Identify and apply the steps that need to be taken in the event of a cardiac arrest patient in the general practice setting.
- Recall the appropriate methods and processes of gaining emergency assistance in the general practice setting, in the event of a cardiac arrest.
- Manage a suspected cardiac arrest, including the demonstration of BLS-CPR procedures, including the delivery of effective ventilations and compressions and the use of an AED on all age groups using anatomically appropriate resuscitation manikins.
- Implement strategies in the practice to reduce the emotional impact of an emergency on individuals and the team.

Training Details

Date: Tuesday, 31 March 2026

What You'll Learn:

Time: 6.30 pm - 9.00 pm
